<p>Coverage Gap (Applies to all tiers)</p>	<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for the drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,130.</p> <p>After you enter the coverage gap, you pay your Tier 1 cost share for Tier 1 (Preferred Generic) drugs, 25% of the plan's cost for the covered brand name drugs and, 25% of the plan's cost for other covered generic drugs until your costs total \$6,550, which is the end of the coverage gap. Not everyone will enter the coverage gap.</p>
